Subject:- Clarification on Impact of U.S. Tariff Announcement – Disclosure under Regulation 30 of SEBI (LODR) Regulations, 2015

Dear Sir/Madam,

With reference to recent media reports/market queries regarding the increase in tariffs announced by the United States Government, and pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we hereby submit the following clarification:

The United States has imposed significant tariff increases on Indian goods, including textiles and garments. These tariffs, in some cases, have been increased to as high as **50%**, with some reports suggesting an even higher total duty of over **60%** on garments.

Since our Company is primarily engaged in the export of garments to **Gulf countries**, the said measure has **no material impact** on our Company. Further, we do not have significant exposure to the U.S. market. The marginal movement observed in the past few days, amounting to only **0.012%**, was solely attributable to the said tariff announcement.

Accordingly, we confirm that there is **no adverse effect on the operations, financials, or business prospects** of the Company arising from the aforesaid tariff announcement.

This disclosure is being made in the interest of providing accurate information to all stakeholders and to avoid any unwarranted speculation.

Kindly take it on your record.

Thanking you.
